The Library stirs up some magic with all things fantasy

Term 1

This term The Library is focusing on fantasy literature, and what better way to start the new year than by losing yourself in a new world. We've chosen to transform the Library into the world of Harry Potter with a forbidden forest, potions classroom, and a surprise creature lingering on the ceiling.

Fantasy Literature

Fantasy Literature is an expansive genre that plays on the impossible. With Elves, Ogres, and Vampires coming to life on the page, and tales beyond the our wildest imagination, it's perfect for those who wish to seek more. Classic fantasy books include the Lord of the Rings series, the Chronicles of Narnia, and A Wizard of Earthsea - setting the foundation of the genre. Newcomers such as Percy Jackson, Harry Potter, and Shadow and Bone have made waves for young teens and children, opening the genre to up-and-coming writers and inspiring our TV screens. This has also taken centre stage on social media apps like TikTok where BookTok has absolutely rocketed in popularity and inspired a new love of reading for pleasure.
